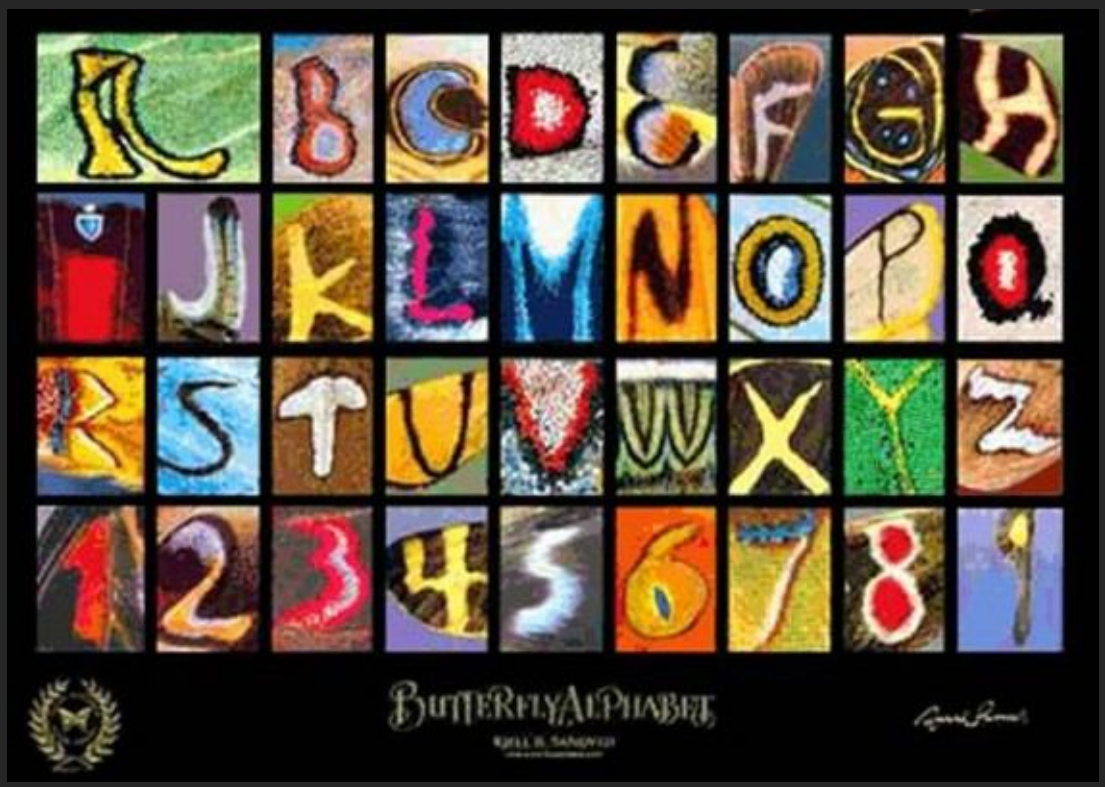
THE BUTTERFLY ALPHABET

Each of the letters is a close-up photograph from the wing of a butterfly. It took Kjell Sandved, Smithsonian naturalist, author and lecturer, 24 years to find and photograph all the letters without harming the butterflies.



He is the image of the invisible God, the firstborn over all creation. For by Him all things were created that are in heaven and that are on earth ... For it pleased the Father that in Him all the fullness should dwell, and by Him to reconcile all things to Himself ... whether things on earth or things in heaven, having made peace through the blood of His cross – Colossians 1:15-20
