May the explanations, graphics and charts below be a blessing to you and to anyone else who reads them in these critical days we live in. (James, June 2015)

Preamble of the timeline

Today in history there are so many prophetic events happening and overlapping, at the same time, it is difficult to keep it all straight. So I thought, by putting these events on a timeline, it would make it easier to grasp how they fit with all the other prophetic events. I have tried to stay with what is known Biblically, or what is associated with the Bible in some way, to avoid speculation. Some speculate that one thing happens, while others say something different. Time will tell who is right. At the end of it all, I hope that this article will help convince people that the Coming of Jesus, for His Bride, is near at hand. It doesn’t matter who is right on the timing. Someone will be right, but what matters is that anyone who reads this comes fully to accept Jesus, as their personal Lord and Saviour, because heaven and hell are real, and everyone has to make a choice of where they will be for all of eternity. Many thanks goes out to to those who have made these discoveries and observations, which I have taken and organized in this way, and for those who listened to the urging from God to publish these revelations for others to see. These people, among others, did much work. They are, in no particular order; Pasha, Ron, Steve, Walter, Charles, and others, whose names I do not know.

I take the pre-trib view (Rapture before the start of the 7-year Tribulation), for several fundamental reasons. God has promised that those who are His, are protected, and will not experience the Wrath of God, and will escape His Wrath upon this world. Jesus said that He was leaving, to go to prepare mansions for His Bride, and that He will return to take His Bride home with Him, just as was done on earth by the young groom who went to get his bride. Many have erroneously declared that in the rapture, those raptured will meet Jesus in the air and then immediately return to land on the earth with Jesus, on the Mount of Olives. This is not what the Bible says. Jesus and His Bride are in heaven during the 7-year tribulation, as explained in Revelation 19:17. There is a great celebration in Heaven, as the Bride is dressed and there is a wedding supper. To say otherwise is to require that the Bride is on earth during all of the tribulation, which contradicts the Bible, which says that God’s chosen will not experience the tribulation. Would any groom allow his bride to experience that horrible stress before he marries her? NO!! Is heaven in the atmosphere of the earth? No. Otherwise, people flying in airplanes would be in heaven!!! Depending on the translation, in some KJV Bibles it will say that THEN the doors of heaven opened. Other translations say the doors of heaven WERE opened. In both cases, Jesus comes out with His vesture, red with blood, and the saints in white linen followed behind, all on horses. They proceed to earth, as in Zechariah 14:3-4.

Think on these many historical events listed below, and current events, as types similar to previous Biblical events. God uses repetition to get His point across to humanity, even far into the future, and also to act as a signal, or sign, of what He is going to do. God ALWAYS warns His own. Amos 3:7 says, "Surely the Lord God does nothing, Unless He reveals His secret to His servants, the prophets."

I have tried to include all those dates that have significance historically, those that may happen on a Feast Day, or those events that may act as Biblical signs of what is to come. Jesus said that He doesn’t know the hour or the day of His Return, but those who do watch can get very close to the time of the rapture. As you go through the charts, you can see that events are rapidly increasing, to the point that many have chosen this year, 2015, to likely be the start of the Tribulation. Since Jesus faithfully fulfilled the 4 spring Feasts exactly to the day and hour, then we know that He will fulfill the remaining 3 fall Feasts, also exactly.
So, upon making that assumption that the tribulation must start in the fall of 2015, then the tribulation cannot start on a feast day, because it must end on a feast day, on one of the three fall Feasts of the Lord, 7 years after 2015, 7 prophetic years of 360 days each. By far the best choice is the Day of Atonement of 2022, as the day of His Return to the Mount of Olives, which is Oct 5, 2022. Backing up 2520 days, (which is 7 x 360 days = 2520 days), brings us to November 11, 2015!! How ironic! It was in 1918, at 11 a.m., on November 11th, that World War 1 ended. It was supposed to be THE WAR TO END ALL WARS. The start of the tribulation could be on that very same day of the year, and the beginning of the greatest misery the human race will ever have, or has ever had, and will never know again. Somewhere in the timeframe from the Feast of Trumpets, 2015, to November 11, 2015, the rapture should happen. We know we are in the season but we don’t know the date. Jesus said that He didn’t know either. But we can be close, VERY close!

1 The first chart will contain Biblical and historical events that are connected to special dates as the Feasts of the Lord, or have a connection to a Biblical number as shown below.

2 The second chart contains Jesus’ comment on the generation that will see all these things happen, which puts it into our time on earth now.

3 The third chart positions events on earth with important dates. It will also list some possible rapture dates connected with the feast. Keep in mind God does not have to abide by any of that. Where appropriate present day events that have happened are included, that seem to indicate important clues to consider.

4 The fourth chart expands a selected set of years simply because there is no room to write in the large chart what it is.

5 A Biblical year is 360 days, a Biblical month is 30 days, and a Sabbath year is the 7th year of a period of time 7 years long. Biblical time periods and their lengths; 7 days, 40 days, 50 days, 40 years, 49 years, 50 years, 70 years; also 49 years = 7x7 years, 49 years x 360 days =17640 days; 7 years x 360 days per Biblical year is 2520 days. Biblical warning numbers are 7, 40, 120.

All years below refer to Biblical years, all with lengths of 360 days, except for the time between the Day of Atonement and the astronomical alignment of Rev 12:1-6, and Yom Kippur 1973 and the Day of Atonement 2022.

There are 5 to 7 blood moon tetrads in any century. The important tetrad is when the FIRST lunar eclipse happens on Passover. Of all the tetrads starting on Passover there are only 8 since year 1 AD. After these 8 Blood Moon Tetrads, the next tetrad starting on Passover is in the year 2582/83.

Obama covenant speech to change USA and the world; Oct 29, 2008 to Sept 23, 2015 is 2520 days or 7 prophetic years  
From the ending of the Babylonian Captivity to Oct 5, 2022 is 2520 YEARS  
Time of first Jewish conference Aug 31, 1897 to September 23, 2015 Day of Atonement is 43125 days, but adding the extra 75 days of Dan 12 comes to 43200 days - EXACTLY 120 prophetic years on Hanukkah eve December 6, 2015

General comments and questions to consider;

1. There are at least 3 raptures. The first one is pre-tribulation and likely at the same time as the sudden destruction. (1 Thess 5:2-3). Another is the rapture of the 2 witnesses in Jerusalem, Rev 11:3-12, where they preached for 1260 days, and then were killed. They lay in the street for 3 1/2 days, then awakening to life and be seen rising into the sky. The final rapture may be on the day of Jesus’ Return to earth with His Bride, Rev. 19:11-14. A question arises: Are the 144,000 Jewish witnesses also to be raptured, along with Elijah, (Malachi 4:5), and the other witness (Enoch or Moses)? The Bible gives no hint of who the second witness is.

2. Since Jesus fulfills the spring feasts exactly to the day and hour, then we should expect He will return to earth on one of the three remaining fall feasts. He will land on the Mount of Olives in Zech 14:4. Of the three feasts the most likely is the Day of Atonement.
3. An interesting question arises from the 50 days after Passover to the coming of the Holy Spirit on Pentecost. After His resurrection He walked the earth for 40 days and then ascended from the Mount of Olives. Is there a connection to the 50 days after the Day of Atonement, September 23, 2015 to November 11, 2015? Jesus said that there will be sudden destruction all over the world which could trigger the rapture. What is this sudden destruction, nuclear war, volcanos, incoming meteors? Will it occur on November 11, 2015, or some time before? Jesus said there will be sudden destruction, 1 Thess 5:2-4. That is a given and cannot be denied.

4. Benjamin Netanyahu, Prime Minister of Israel, started his speech at 11:11AM on 3/3/15, the day before Purim, the day of celebration of the Jews in exile in Babylon, the very day that Haman was to have all the Jews killed in one day. Esther informed the king what was going to happen. The king ordered Haman’s execution on the gallows that Haman had constructed to kill all the Jews.

5. The start of the count toward a Jubilee is when they come into possession of their land, which was on June 7, 1967, which must include Jerusalem. That makes the start of the Jubilee year the Day of Atonement Sept 23, 2015. (Lev 25:1-13)

6. There is a great falling away and the man of sin is revealed BEFORE the rapture, 2 Thess 2:1-3. This leads to a hotly debated topic of when is the rapture. We are well aware that Jesus said no man knows the hour or the day, BUT that doesn’t mean we don’t know the season or perhaps the month!! As in the case of the Feast of Trumpets, everyone knew within a 2 day period when it would be, but NOT the hour or day. That does not mean that the rapture is on the Feast of Trumpets. It could be some other time.

7. As for the sudden destruction it is implied that we are to be watching because it may be that the day of the rapture is the same day and time as the sudden destruction, whether it is on Nov 11, 2015 or sooner than that. After sudden destruction people around the world will clamor for peace and will welcome a strong man to come to power to form the wicked rule of the antichrist.

8. The 7 year covenant when finalized will allow the Jews to build the 3rd temple. With modern technology it will be built in less than 2 years, whereupon the sacrifices can resume. The priests have also found a pure red heifer that would be sacrificed and burnt so its ashes would be mixed with water and spices for the purification ceremonies required under Mosaic law. All the vestments and implements are made and ready. That gives ample time for everything to be established before the antichrist desecrates the temple.

There is, however, controversy about the construction of the temple. Some say it won’t happen until Jesus Returns. Others say it will be a tent, while some say it will be a regular building. There are Bible translations that do say that the abomination of desolation will be placed there. Some say the Temple will not be built until Jesus Returns, but the scriptures suggest it will be built (Dan. 9:27). Some say it is big temple, while some say a it could be a tent, but there is something that has to be there to take care of Dan 9:27. Here are some quotes:

Daniel 9:27 New International Version (NIV) He will confirm a covenant with many for one ‘seven.’ In the middle of the ‘seven’ he will put an end to sacrifice and offering. And at the temple he will set up an abomination that causes desolation, until the end that is decreed is poured out on him.

Daniel 9:27 American Standard Version (ASV) And he shall make a firm covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease; and upon the
wing of abominations shall come one that maketh desolate; and even unto the full end, and that determined, shall wrath be poured out upon the desolate.

Daniel 9:27 Revised Standard Version (RSV) And he shall make a strong covenant with many for one week; and for half of the week he shall cause sacrifice and offering to cease; and upon the wing of abominations shall come one who makes desolate, until the decreed end is poured out on the desolator.”

Daniel 9:27 Wycliffe Bible (WYC) Forsooth one week of years shall confirm the covenant to many men, and the offering and sacrifice shall fail in the midst of the week of years; and abomination of desolation shall be in the temple, and the desolation shall continue till to the performing and end. (And one week of years shall confirm the covenant to many people, and the offering and the sacrifice shall be stopped in the midst of the week of years; and the abomination that maketh desolation shall be placed in the Temple, and the desolation shall continue until the performing and the end of it.)

9. What do these numbers portend?
The 9th of Av has been, throughout the history of Israel, a day of the year, in which many disasters have happened. So, on that same day of the year, which was July 16, 1994, the first fragment of a comet hit Jupiter at 11:11 a.m., Jerusalem time, on the 9th of Av. Over a period of 7 days. 21 fragments, (3x7=21), hit Jupiter. This suggests a warning. Could these 21 fragments represent the 21 Judgments in the Book of Revelation, and also 21 years to 2015?

Jesus said when the generation that sees the fig tree leaf, will see all these things happen. Israel is the fig tree. Israel came into existence in one day, May 14, 1948. The years a man lives is according to Psalm 90:10 New King James Version (NKJV) The days of our lives are seventy years; And if by reason of strength they are eighty years;

The generation that can remember the fig tree or Israel coming into existence would need to be between 5 to 7 years of age. For the sake of discussion let us settle on 6 years. So that child would need to be born in 1942 to be 6 years old in 1948. let’s look at this span of time for this person to see all these things happen.

From 2012 to 2022 according to Psalm 90:10, that generation that is alive to see the birth of modern day Israel will see all the events that Jesus spoke of. Only those who are raptured or die a natural death before these events will not witness the tribulation. We are in that season now for the tribulation to start.

The birth of the two calves in 2014 that had the number 7 on their foreheads.

This is a modern warning to our world, as was in the days of Joseph in Egypt when the Pharaoh received the dream of 7 fat cows and 7 lean cows. Joseph correctly interpreted the dream to tell the Pharaoh that the 7 fat cows was 7 years of plenty and the 7 lean cows was the 7 years of famine suggesting a parallel pointing us to the 7 years of Tribulation. A modern day equivalent happened in 2014 when on September 20, 2014 a black and white male calf was born with a complete number 7 in white on its forehead. He was given the named Ben after a football player who is Jewish. On September 25, 2014, the first day of the Jewish new year and the first day of the Shemitah year a second calf was born, a red female, or red heifer, also had a whole number 7 on its forehead, but this time the 7 was smaller and incomplete. The implications are huge, because this can relate to Joseph in Egypt, just at the start of the Shemitah year.

At the end of the last two Shemitah years in 2001 and 2008 which is always the 29th day of the Hebrew month of Elul, the DOW stock index fell 7% in both cases exactly on the 29th Elul. Biblically God commanded Israel that all debt and credit is cancelled on the evening of the 29th Elul. For the year 2015, the 29th Elul falls on September 12-13, depending upon when the new moon is seen in Jerusalem. Time will tell if the market will have a big crash this time, because of the additional signs of the birth of these two calves. The sign also says that the 7 years of plenty is over, and now there begins the 7 years of famine or tribulation in the land. This tends to match the other events that are now happening and the time of the approaching tribulation.

The Jubilee

Through the long centuries, Israel lost count of when the Jubilee starts, but we can be certain God knows when it is. The basic rule of counting the years toward the Jubilee is to count 7 sets of 7 years totaling 49 years. The next year is the start of a new count as the first year for the next set of 49 years, AND that first year is also the 50th year and therefore the Jubilee year. Another 49 years has to pass and then the next year is year 1 of a new set of years and is also the 50th year the Jubilee year. It starts on the 10th day of the 7th month of the religious calendar, on the Day of Atonement, or Yom Kippur. However, the count for the Jubilee has been forgotten for centuries, until now.

Since there has been 2 significant stock market crashes in recent times, it is worthwhile looking at the years to find a pattern. These stock market crashes happened on September 17, 2001 and on Sept 29, 2008, both happening at the end of a Shemitah year and both happening on the last day of the Shemitah year, the 29th Elul. Since this happened twice in 7 years, I shall take this as a sign that God still has the 7 year cycle in effect. Starting at September 2008 counting back to the early 20th century, 2008 - 7 years x 13 = 1917, the year of the Balfour Declaration. In turn, adding 49 years to 1917 we come to the year 1966. So far I have not mentioned the Jubilee, because of what Lev 25:1-12 says; the count for the Jubilee starts when the Jews take possession of the land God promised them. The Jews recaptured Jerusalem in June 7, 1967. There are two main thoughts on counting the timing of the Jubilee. The first one uses standard years of 365 days each, the other uses the prophetic year. Because of what Genesis says, I will use the prophetic year. Here are the scriptures and the reasons why the prophetic year is the one to use.

Genesis 7:11-12 (NKJV)
11 In the six hundredth year of Noah’s life, in the second month, the seventeenth day of the month, on that day all the fountains of the great deep were broken up, and the windows of heaven were opened.
12 And the rain was on the earth forty days and forty nights.

Genesis 7:24 (NKJV)
24 And the waters prevailed on the earth one hundred and fifty days.

Genesis 8:3-4 New King James Version (NKJV)
3 And the waters receded continually from the earth. At the end of the hundred and fifty days the waters decreased.
4 Then the ark rested in the seventh month, the seventeenth day of the month, on the mountains of Ararat.

So from the seventeenth day of the second month to the seventeenth day of the seventh month is 5 months covering 150 days. That makes it 30 days per month. This is the reason that the Biblical month is 30 days. That does not mean that the Earth’s year was 360 days, because the Hebrew calendar adds in a few days at the end of the 12 months and according to a schedule an extra month is added so that the barley harvest matches the spring and the 1st of Nisan. God set up the 30 day calendar so His people could count ahead to know what He is saying about the times to come. If He did not do that then it would be impossible to know the timing of His prophecies.

Using the prophetic year of 360 days to count forward, 49 years x 360 days = 17640 days. Adding 17640 days from June 7, 1967 takes us to the date of Sept 23, 2015, the Day of atonement or Yom Kippur. This is the date that the Jubilee starts. This date bears watching as so many events and times seem to converge on Sept 23, 2015.
