**One lesson Israel learned from the Yom Kippur war**, said Prime Minister Binyamin Netanyahu Tuesday, **was never to disallow in advance the option of a preemptive strike. Addressing the Knesset session** marking the **40th anniversary of that war**, Netanyahu stressed that while this option may not meet all situations, it has to be seriously weighed.

How many days are there between Thursday November 1, 2012 (Cheshvan 17) and **Thursday October 17, 2013**? Answer: [**350 = (10 x 35) Days**→**35 = the Blessed Hope (Rapture) Titus 2:13**]. Remember that 10 = Testimony; Law and Responsibility. Also 350 = (**7—Resurrection**; Spiritual Completion; Father's Perfection x **50—Pentcost**). Pentecost is last spring harvest Feast (Shavuot); and, it is about four months before Yom Kippur. **This year Shavuot fell on May 17, 2013; and, that is 123 days (four months) before September 17, 2013 Yom Kippur (the Day of Atonement)**. That is how it fell on the uncorrected Jewish Calendar which is one month early.

In **John 4:35(NIV)** (notice **35 = Rapture**) we read the following:  
<sup>35</sup> **Don't you have a saying, 'It's still four months until harvest'? I tell you, open your eyes and look at the fields! They are ripe for harvest.**

**John 4:36-38(NIV)** <sup>36</sup> Even now the one who reaps draws a wage and harvests a crop for eternal life, so that the sower and the reaper may be glad together. <sup>37</sup> Thus the saying 'One sows and another reaps' is true. <sup>38</sup> I sent you to reap what you have not worked for. Others have done the hard work, and you have reaped the benefits of their labor."

There is both a summer and a winter wheat and both take about 4 months to grow to maturity for harvest. Winter wheat is harvested around Shavuot and summer wheat is harvested about four months after it is planted in the early spring as the weather permits.

**But do you see that if the weather and climate is favorable, wheat planted as late as Shavuot will still ripen for harvest by Yom Kippur, about 4 month later?** I believe that this is the point that Jesus was making in **John 4:35-38** (see above). Also, in the above Charity Template model, we saw the 350 day = (**7—Resurrection x**

**50—Pentecost) representing a perfect harvest of human souls in the Rapture (10 x 35—Rapture). And again, notice that this timeline of 350 days falls on Thursday, Charity Day 5 and is both America’s Debt Ceiling Deadline and the Jewish Yom Kippur (Day of Atonement).**

**Look at the following major Earthquake signs at Midnight happening perhaps as a 3-day warning to October 17<sup>th</sup> Day of Atonement (Jewish Yom Kippur). The very last EQ on Monday 10-14-13 hit at 23:56:26 UTC with parameters 50 and 600 in Indonesia the country with the largest Islamic or Muslim population and former home of Barry Soetoro.**

**After reading the following 7 Earthquakes, please notice the real or actual 666 Muslim symbol of our Bible, so identified by Walid Shoebat, a former Muslim terrorist and Palestinian turned Christian, who is now warning America.**

**This EQ magnitude number 50 = Pentecost which I have just explained above—it can also be 5 = Grace. The 600 = Warfare and could also be interpreted as follows: 1) 60 = Pride; 2) 30—Dedication of the Blood of Jesus Christ x 2; 200—Insufficiency x 3—Divine Completeness and Perfection.**

**In the EQ’s time we have 23 = Death; 56 = 2 x 28—Eternal Life; and 26 = The Gospel of Jesus Christ! In the date we have 10—Testimony; Law and Responsibility; 14—Deliverance and Salvation; 13—Apostacy; Depravity and Rebellion!**

**Iran says powers' first reaction to Tehran's proposals is good**

DEBKAFfile October 15, 2013, 2:12 PM (GMT+02:00) Iranian Deputy Foreign Minister Abbas Araghchi said on Tuesday that the world powers had a

"good" first reaction to Tehran's proposals to the Geneva conference for easing the stand-off over its nuclear program and that details would be discussed in the afternoon. He said after making a PowerPoint presentation at the start of a two-day meeting that the atmosphere in the discussions had been "positive". The Iranian minister gave no details of the proposals, describing them as "confidential".

### ***Netanyahu makes a case for a preemptive strike***

## Netanyahu makes a case for a preemptive strike

In Yom Kippur War anniversary speech, prime minister suggests that inaction on Iran is costlier than international opprobrium

**Prime Minister Benjamin Netanyahu offered a thinly veiled defense of a possible Israeli preemptive strike on Iran during a Knesset commemoration Tuesday of the 40th anniversary of the Yom Kippur War.**

In a speech to MKs about the war, in which Israel was surprised by a coordinated Arab invasion on the northern and southern fronts, Netanyahu explained that IDF soldiers who fought in the bitter battles of that war “saved us from paying the price of complacency.”

**“In the end we won a great victory, but the lessons of the war have stayed with us these 40 years,” Netanyahu said.**

**“The first lesson is to never underestimate a threat, never underestimate an enemy, never ignore the signs of danger. We can’t assume the enemy will act in ways that are convenient for us. The enemy can surprise us. Israel will not fall asleep on its watch again,” he vowed.**

**The second lesson, he added, was that “we can’t surrender the option of a preventive strike.** It is not necessary in every situation, and it must be weighed carefully and seriously. But there are situations in which paying heed to the international price of such a step is outweighed by the price in blood we will pay if we absorb a strategic strike that will demand a response later on, and perhaps too late.”

Netanyahu added: "A preventive war, even a preventive strike, is among the most difficult decisions a government can take, because it will never be able to prove what would have happened if it had not acted. **But the key difference between the [1967] Six Day War and the [1973] Yom Kippur War lies first of all in the fact that in the Six Day War we launched a preventive strike that broke the chokehold our enemies had placed on us, and on Yom Kippur the government decided, despite all warnings, to absorb the full force of an enemy attack."**

[**Bohol** in Spanish can mean to do or follow the "trendy thing" of the times. Following I count exactly 17 stacked EQ's where the time **09:47:14** contains **the numbers for 1947** the year of the UN Resolution November 29, 1947 for Partitioning of Palestine boundaries were set that Obama is now trying to force Israel to retreat back to or else. Notice the Magnitude 48 or 1948 also contained in each of these stacked 17 EQ's which all hit in the same second (Scaler Waves Patterns can prove this fact). Now notice that in the very next second—**09:47:15** the last EQ, in this rapid fire succession series of 18 EQs, now has its Magnitude reduce to 47 representing 1947 as opposed to 1948. This 18 = Bondage EQ has a Depth Parameter of 20 = Redemption. This is exactly the way these Earthquakes appeared on the Live Earthquakes.com Website. Truly the stones (rocks) are crying out as Jesus prophesied in **Luke 19:40**. Are you awake and listening?
