777: The Salvation of Remnant Israel ?

I often wonder if we can legitimately use biblical number theory associated with the years of the Hebrew and Gregorian calendars. We know that God speaks in mathematics. This has been proven by Genesis 1:1, a precedent for the use of mathematics as an understanding medium.

I am intrigued with the next Hebrew Year 5777 which begins on the Festival of Trumpets in the Fall of 2016. Since November 29, 1947 when the United Nations approved the partition of Palestine and May 14, 1948 when Israel declared its national independence, God has begun the fulfillment of ancient prophecies in preparation for once again presenting their Messiah Yeshua whose Greek name is Jesus.

Just as Israel had been exiled physically into Babylon seventy (70) years for its failure to honor the Sabbath rest of the Land, God's land which he had promised to Abraham, Israel has been exiled spiritually into a portion of the land these last 69 years.

God is setting the stage for the final act, Daniel 9:27, when He will try the spiritual hearts of His chosen people.

God requires righteousness of His people, remnant Israel, that special group of Jewish spiritual leaders who will turn from transgression in Jacob, and receive Messiah Yeshua.

Israel must be a nation of people in the land of Judea and Jerusalem. Israel must have a group of spiritual leaders who teach keeping the commandments of God. Soon, they will build the temple prophesied by Ezekiel, the third Temple.

With this in mind, as we approach the fullness of the Gentiles, let's consider possible implications for Israel with a look at the Year 5777, noting the possible application of 777 to Israel's position under their Most High God.

The following excerpt has been reprinted with permission. It is the work of an author named Norm Patriquin, a software engineer, who has an organized mind and studies God's biblical organization of his word. The source is www.amazingword.com. I highly recommend his book titled, "The Bible's Redemption Pattern and Numeric Map". Norm is my friend and has a very high view of God's awesome power to teach biblical principals from numeric patterns:

777 - Salvation - Mount Moriah, the crucifixion site, is 777 meters in elevation-Beautiful

Mount Moriah is 777 meters in altitude and a commonly suggested site of the crucifixion of Jesus and the Bible's DNA like perfection and Numeric Map give strong evidence that Biblical references to the mountain of God are related to the number of salvation, 777.

There is compelling evidence the elevation of this mountain, which is called beautiful, is no accident. Did God give us all these clues in these last days as both a confirmation and a warning of his imminent return to this specific mountain? The numbers say yes...

The Bible's Number 777 is a number relating to salvation, sanctification, holiness and being made spiritually clean. An example of the use of 777 in the Bible's text is where Jesus told his disciples to not only forgive seven times, but seventy times seven. The three sevens in this verse help us comprehend the relationship with 777 and forgiveness -- Matt 18:22 *Jesus *said to him, "I do not say to you, up to seven times, but up to seventy times seven."*

One of the well speculated sites of the crucifixion is Mount Moriah which is in Jerusalem. The scientifically known elevation for this mountain is 777 meters. This is a curious observation in itself, but when you discover the Bible's association of the number 777 with salvation, it is near impossible to imagine this being coincidence (*ref: Goggle Earth to confirm for yourself-search for the Moriah Hotel in Jerusalem; position the pointer to this location; then look at the bottom of the display for the elevation. Turn on the "terrain" viewing option to enable the display of elevation - <http://earth.google.com/>*).

Psalms 48:2 is an amazing verse I only recently discovered that seems to point out the significance of the elevation of the Mountain of God. When you understand the themes for Biblical numbers this verse becomes an amazing clue to identifying this specific location in our world. You might even think of it as a sort of Bible code to unlocking a long debated mystery - Is the resurrection real and where did it occur? Let's examine some of the clues.

The clues begin with the verse at Psalm 48:2 which says - *Beautiful in elevation, the joy of the whole earth, Is Mount Zion in the far north, The city of the great King*". Mount Zion is a reference to the mountain of God and this name is found 21 times in the Bible (3x7). Psalm 48 is about The City of God and how we should get to know it. Psalm 48:12 is the 707th verse of this book and says - *"Walk about Zion and go around her; Count her towers;"*.

The Bible's theme for number 48 is about getting to know and respect God and this Psalm fits that theme. This Psalm also tells us Mount Zion is in or contains the City of God -- an interesting clue to its location. In verse 2 which describes the elevation of Mount Zion, the word "beautiful" is another clue as it is a special word associated with God and can be found in a total of 73 Bible verses. Another clue, the cross-Bible verse number of this verse is 14,637 - a number ending in number 37 and seems another reference to help find this location. The three clues; the name Mount Zion; the word "beautiful"; and the cross-Bible verse number ending in 37 all relate this verse to the numbers 37, 73 and 21. Biblical number patterns show these numbers are related to the number 777 which is the actual current elevation of Mount Moriah in Jerusalem which suggests it could be the mountain being spoken of in Psalm 48:2. As further support, it also seems significant that the counts of references to the mountain of God in the scriptures occur in numbers associated with 7 and 777:

- The Mountain of God (7 times)
- Holy Mountain (21 times)
- Mount Sinai (21 times)
- Mount Zion (21 times)

So how do we know this is more than coincidence and that number 777 is related to salvation? The Bible's numeric map confirms this theme - We might better describe the theme related to 777 as that of being forgiven, sanctified, consecrated or otherwise saved and blessed by God. The most compelling and least likely contrived clues to understanding this theme for 777 are three non-random Bible verses that are found by examining cross-Bible verse numbers related to 7777 - each contain the number "7777". Here's what makes them special - When all of the Bible's 31,102 verses are numbered sequentially, the only possible verses found associated with number 7777 are the 7,777th, 17,777th and 27,777th verses. It is scientifically compelling evidence that each of these three verses have text relating to the 777 theme of sanctification. They are also incredible evidence for the DNA like perfection of the Bible and its Numeric Map.

- **7777th verse - The consecrated bread --** David gets the consecrated/holy bread only intended for the priests -- 1Sam 21:4 *The priest answered David and said, "There is no ordinary bread on hand, but there is consecrated bread; if only the young men have kept themselves from women".* Notice how this verse both references consecrated bread and the purity of the young men - both fitting the 777 theme.

- **17,777th verse - Samuel's sins forgiven --** Samuel the prophet is cleansed -- Isa 6:7 *He touched my mouth with it and said, "Behold, this has touched your lips; and your iniquity is taken away and your sin is forgiven"*. This is possibly the strongest and most intense verse of the Bible about sins being forgiven - clearly fitting the suggested 777 theme.
- **27,777th verse - desecration removed from the temple --** In this verse we see a different type of cleansing. Paul is taken from the priests and out of the temple because he was said to be desecrating it (making it unclean). Even though we know Paul was not desecrating the temple, this is the theme and action taking place in this verse and thus fits the 777 theme - Acts 24:7 *"But Lysias the commander came along, and with much violence took him out of our hands"*. The violence mentioned in this verse may be an indication of a foretelling of Jesus taking his faithful out of the world.

No matter how compelling these examples are, it is natural to wonder if this is the only evidence presented for the proposed theme of 777 - No, this is just the beginning. There is too much evidence to present here, but consider the following additional clues/evidence for this theme:

- **Isaiah 6:3, the 17773rd Bible verse --** a number containing both 777 and 37 -- *And one called out to another and said, "Holy, Holy, Holy, is the LORD of hosts, The whole earth is full of His glory."*
- **Rev 4:8, the 30,777th Bible verse.** Thirty is a number for purity and 777 for Holiness -- *And the four living creatures, each one of them having six wings, are full of eyes around and within; and day and night they do not cease to say, "HOLY, HOLY, HOLY is THE LORD GOD, THE ALMIGHTY, WHO WAS AND WHO IS AND WHO IS TO COME."*
- **Gen 12:8, the 307th Bible verse --** (37/777) and speaks of the mountain of God -- *Then he proceeded from there to the mountain on the east of Bethel, and pitched his tent, with Bethel on the west and Ai on the east; and there he built an altar to the LORD and called upon the name of the LORD.*
- **Matthew 4:8 (48) is the 73rd verse --** of the book of Matthew tells us of the mountain where Satan took Jesus - *"Again, the devil took Him to a very high mountain and *showed Him all the kingdoms of the world and their glory;"*. It is interesting that it is Psalm 48 that refers to Mount Zion and this being the 73rd verse relates the passage to 37/777.
- **The word "flood" occurs 37 times (three sevens) -** The flood cleansing the earth is an example of God removing wickedness from the earth. Number 77 is also related to cleansing and as more evidence to relate flood and with 77 is found in Genesis 7:17 (77) which is also the 177th verse of the Bible -- *"Then the flood came upon the earth for forty days, and the water increased and lifted up the ark, so that it rose above the earth"*. There are many examples of the relationship of flood to numbers 7, 77 and 17.
- **"holiness" is found 21 times**
- **"Mount Zion " is found 21 times** in the Bible
- **"jubilee" which is a word of joy for the forgiving of debts (#50) is found 21 times**
- **"virgins" is found 21 times** in the Bible
- **Number "five hundred" is found 21 times** in the Bible - a number for Jubilee. Psalms 22 is the 500th chapter of the Bible and is Jesus speaking from the cross where he was completing the act of redemption for our sins. 500 is a product of 10x50 and fifty is a number of Jubilee - freedom and releasing of all debts - forgiveness.
- **Number "three hundred" is found 21 times in the Bible.** This corresponds to the number 30 which is about holiness and righteousness of God (3rd book is Leviticus). 300 is 10 times 30 which can be seen as an order of magnitude of even more holiness and perfection.
- **Other salvation related words occurring 21 times -** "bride", "A righteous man", "Anointing Oil", "breastpiece", "eighth day" (the remnant saved), "deliverance",...and others.

In conclusion

Regarding the 777 meter elevation of Mount Moriah in Jerusalem - There's a mountain of evidence (pun intended) to examine, but if you can ponder it for awhile, it is quite compelling that the elevation of Mount Moriah being 777 meters has strong association to the act of forgiveness of sins. It seems likely this mountain is associated directly

with the crucifixion or is in some other significant way is associated to salvation. These numbers strongly suggest God has left evidence in this world for us to discover that the Bible is the actual Word of God. How else could all these numbers line up in the 66 books written over 2000 years by 40 or more different authors?

777 ---Mount Moriah and Mount Zion

An example of God's theme for number 777 even being found on earth is the elevation of Mount Moriah which is 777 meters (ref Goggle Earth to confirm for yourself-search for the Moriah Hotel in Jerusalem and look at the bottom of the display for elevation. Must have "terrain" option selected.). The Bible's 14, 637th verse confirms the elevation of this mountain is beautiful-- Psalm 48:2 **Beautiful in elevation,** the joy of the whole earth, **Is Mount Zion** in the far north, The city of the great King". Note the cross bible verse number of this verse (14637) ends in the number 37 which is another way of expressing 777 (three sevens). *It is no coincidence that you will find the name "**Mount Zion**" occurs 21 times in the Bible (21=3x7).*

The Bible's numeric map confirms this theme; The Bible's 7777th verse is where David gets the bread only intended for the priests--made clean -- 1Sam 21:4 The priest answered David and said, "There is no ordinary bread on hand, but **there is consecrated bread**; if only the young men have kept themselves from women."; In the Bible's 17,777th verse we are taken to when Samuel the prophet was cleansed by God -- Isa 6:7 He touched my mouth {with it} and said, "Behold, this has touched your lips; and **your iniquity is taken away and your sin is forgiven.**"; And in the Bible's 27,777th verse we see a different type of cleansing where Paul was taken from the priests and out of the temple because he was said to be desecrating the temple (making it unclean) Acts 24:7 "But Lysias the commander came along, and with much violence **took him out of our hands**". Note how the verse references of these three examples all have a relationship to 7 or 777. These are the only three Bible verses with cross Bible verse numbers containing the number

7777. Another of the most compelling examples of the Bible's perfection seen in the Numeric Map.
