

NEW TWITTER LOGO X

Like META.O (see prior posts July 9th & 16th) Twitter has now changed its logo

Hidden in plain sight is a black and white **XXy** not a single X but a cleverly designed double X and a single superimposed “lowercase **y**” within the double X. To further the proof of the double X, it resembles the Unicode Character “**ℵ**” (U+1D54F) which is named “Mathematical Double-Struck Capital X.”

Among other things I will present herein, **the Twitter Logo = Transgender and the Spirit of Baphomet.**

This post will attempt to reveal the link between the homosexual, transgender, anti-gender role movement and how they are linked to the occult god, Baphomet (who is also Satan) as well as how this entire agenda is a collaborative effort by the elite to destroy the nuclear family as well as render the biblical roles of men and women obsolete. The Twitter platform and new logo appears to serve an agenda to push to remove the taboo from the homosexual/lesbian/transgender lifestyle like is currently being done it seems everywhere you look in these last days before the return of Christ.

X

The X chromosome determines one’s sex. Typically, biologically female individuals have two X chromosomes (**XX**) while those who are biologically male have one X and one Y chromosome (**XY**). However, there are exceptions to this rule. If one Googles XXY chromosome (**XXY**), the most prevalent meaning is tied to **Klinefelter Syndrome**. Klinefelter syndrome is a genetic condition in which a boy is born with an extra X chromosome. Instead of the typical XY chromosomes in men, they have XXY, so this condition is sometimes called XXY syndrome.

Study: [Clinical features and prevalence of Klinefelter syndrome in transgender individuals: A systematic review](#) *Compared to the general population, observational studies document a higher prevalence of Klinefelter syndrome amongst transgender individuals.*

In another study: [Gender: When the body and brain disagree](#) *When it comes to sex, researchers have learned that biology can be more complicated than just 'boy' or 'girl.' For instance, some people carry two X chromosomes mixed with a fragment of a Y chromosome. These people develop into what look to be males. That happens even though the presence of two X chromosomes means that they are female, at least biologically.* Note the y of the logo is fragmented (fragmented def. broken or separated into distinct parts).

In a Gematria search on "XXY Chromosome" =

- **Elona Musk Female to Male Transformation** (wow that's clear enough!)
- **transsexual wife**
- **i am great girl in boys body**
- kill the Christians
- adrenochrome harvesting
- six six six hand sign
- allister crowley (occultist Crowley adopted the Baphomet in his "Gnostic Mass")
- give up obama is satan
- the beast false messiah (Revelation 13:15)

A search on just "XXY" =

- bluebird (interesting as this was the original logo)
- **male female**
- the army of darkness (yes Twitter seems to be an army of darkness! Ephesians 6:12)

In many cultures, **X is associated with death and rebirth**, as it is thought to mark the end of one cycle and the beginning of another. **It is also often seen as a symbol of change or transition**, as it represents the crossing of a threshold. <https://spells8.com/spiritual-meaning-of-letter-x/>

The letter X is also significant because it is the 24th letter of the alphabet. In numerology, the number 24 reduces to 6 ($2+4=6$)...so we have **XX = 66**. In math **Y** is generally used as an unknown variable – it holds the place of a number that we may not know just yet...like maybe another 6? **XXY = 666?** **siX siX siX** <https://doublemath.com/what-does-y-mean-in-math/>

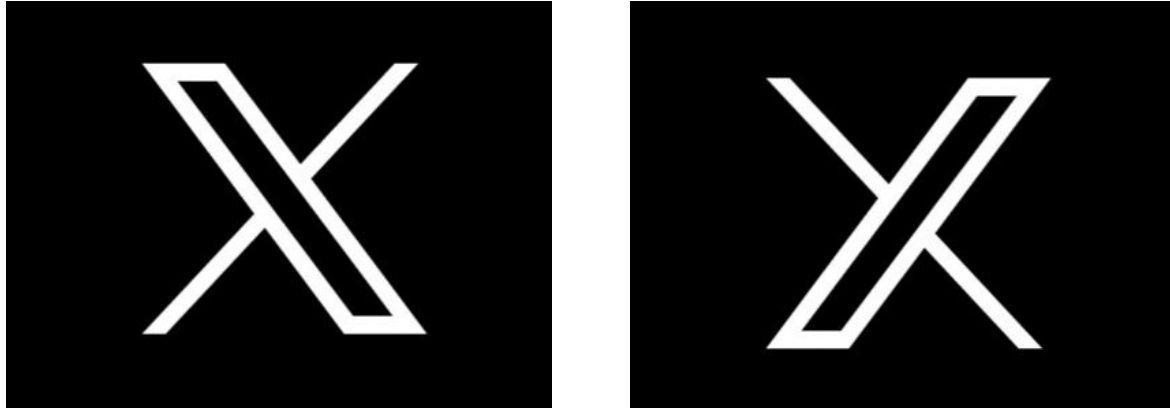

The most associated spiritual meaning of the letter Y is a "bivium," a fork in the road, also known as the "forking of the ways." A bivium is a point in a person's life where they must make a vital decision. <https://www.givemehistory.com/the-symbolism-of-letter-y> Maybe the decision to be a boy or a girl, a man or a woman opposite of what God made them?

Furthermore, in the occult they like to use double entendres (meanings) and the y could also stand for **Yod** the 10th letter in the Hebrew which represents the world to come and completeness. It also represents the Creator (Musk), the single point from which all of creation emerges, and the Unity within multiplicity. It is the foundation of all foundations, the hidden Divine spark which causes everything to be. It represents the power of the spirit to govern and guide the matter. The Yod letter also resembles a flame and could represent "The torch of

knowledge, the middle horn in the head of the Baphomet (more below on this tie-in) and it glorifies the pursuit of knowledge (all sound like a lifelong pursuit of Musk).

As an additional note: In the school of Egyptian esotericism, the letter Y symbolizes Horus from which comes the all seeing eye <https://www.ancient-origins.net/human-origins-religions/eye-providence-0013057> <https://wisdomtavern.com/spiritual-meaning-of-letter-y/>

The XXY Twitter logo is also in the form of an Ambigram (same right side up as upside-down)

In the occultic an ambigram is frequently identified with “As above so below” <https://www.chick.com/battle-cry/article?id=four-words-that-open-the-doorway-to-satanism>

The most noted and often used symbol of “As above so below” is that of the demonic Baphomet.

ΒΑΡΦΟΜΕΤ
KNIGHTS' TEMPLARS' GOD

Note the right arm signifies “as above” while the left arm is point down to indicate “as below”

Black and white have the meaning of good and evil, of above and below... A Baphomet was a symbol of **gender nonconformity, sexual alterity**, and religious deviance well into the 20th century, becoming solidly associated with modern Satanism after the Church of Satan created its sigil in the 1960s.

[Homosexuality, Gender Confusion and The Spirit of Baphomet](#)

A Baphomet is a humanoid figure with a goat's head and embodies both genders, as it has the breast of a woman and is depicted as having both male and female organs. It is also referred to the Goat of Mendes, the Black goat or Judas goat.

None of this is a stretch as [Elon Musk wears a Baphomet Halloween costume](#) in 2022. Oh by the way [Elon Musk also has a transgender daughter](#). He's had a lifelong fascination/ participation with demonic activity... [Elon Musk Babysitter Testimony - "Elon opened a portal"](#) at age 7 and was physically interacting with demons – she was an eyewitness. At that time she asked the head mother of the Santa Maria if Elon was going to be the Antichrist and she stated no but he will present “the Mark” ...he will set the stage for the Antichrist to step forward.

Elon Musk has been and currently is very involved in AI research/development technology. [Elon Musk has a complex relationship with the A.I. community](#) - Elon Musk is one of the first investors in DeepMind, he helped set up the \$1 billion OpenAI research lab, and he's often making comments about AI. [Elon Musk founds new AI company called X.AI](#) - The X.AI name matches the branding of the X Corp. name he has assigned to Twitter...The company's website says the goal of xAI is to "understand the true nature of the universe." (the true nature of the universe is that God spoke it into existence out of nothing – Musk wants to create and point people to another answer!)

“And he is given power to give breath to the image of the beast, so that the image of the beast will even [appear to] speak, [brought to you by x.AI] and cause those who do not bow down and worship the image of the beast to be put to death.” Revelation 13:15 (Amplified Bible)

So EVERY BIT of this ties in and makes sense in relationship to Elon Musk (and his background) when you research what's most likely hidden in plain sight and symbolized by this new logo!

Clearly the new Twitter logo = or promotes both **Transgenderism and the spirit of Baphomet (Satan)**.

The luciferin elite (of which Musk is one) are doing their utmost to destroy the nuclear family as well as render the biblical roles of men and women obsolete. Elon Musk and his Twitter platform, and new logo, appear to serve the Satanic agenda to push to remove the taboo from the homosexual/lesbian/ transgender lifestyle.

One final observation, the name **Elon – El** Semitic civilizations referred to the god Saturn as “El” who is the supreme deity and represented by a black cube (note the Twitter X is within a black

cube). In astrotheology, Saturn is Satan, the cult of **EL**, so is Twitter giving energy to Elon who feeds on his followers? Let's reverse the last two letters of eLON – just say **NO** to Elon!

“Woe (judgment is coming) to those who [try to] deeply hide their plans from the Lord, Whose deeds are done in a dark place, And who say, “Who sees us?” or “Who knows us?”
Isaiah 29:15 (Amplified Bible) *“For there is nothing hidden that will not be disclosed, and nothing concealed that will not be known or brought out into the open.”* Luke 8:17

META and Twitter are both evil and demonic and seek to desensitize and mind control their followers. It would seem like the recent changes of Logos for both META and Twitter are to send an underlying message from Satan and his minions. This makes perfect sense *“For our struggle is not against flesh and blood [contending only with physical opponents], but against the rulers, against the powers, against the world forces of this [present] darkness, against the spiritual forces of wickedness in the heavenly (supernatural) places.”* Ephesians 6:12
